INTERNSHIP DURATION

From to

Representing a total duration of (Number of months or weeks)

The total duration of the internship is calculated on the basis of the intern's actual attendance within the host organisation, subject to entitlement to leave and authorised absences provided for under Article L.124-13 of the French Education Code (Article L.124-18 of the French Education Code). Any period of at least 7 hours of attendance, whether consecutive or not, is considered equivalent to one day of internship, and any period of at least 22 days of attendance, whether consecutive or not, is considered equivalent to one month.

TOTAL INTERNSHIP ALLOWANCE PAID

The intern received an internship allowance totalling €

The internship certificate is required in order for the internship to be taken into account for pension entitlement, subject to the payment of a contribution. French pension legislation (Law No. 2014-40 of 20 January 2014) allows students who received an internship allowance to have the internship taken into account for up to two quarters, subject to the payment of a contribution.

The student must submit the request within two years following the end of the internship and must provide an internship certificate stating the total duration of the internship and the total amount of the allowance received. Detailed information regarding the contribution to be paid and the procedure to follow should be obtained from the French Social Security authorities (Article L.351-17 of the French Social Security Code – Article D.124-9 of the French Education Code).

This certificate is hereby issued to the intern for all legal and administrative purposes.
